WELCOME TO GOODISON PARK

Goodison Park is the home of Everton Football Club and is regarded as one of the most iconic football stadiums in world football.

A venue steeped in history, Goodison was England's first purpose-built football stadium and hosted its first ever match in September 1892.

The stadium is located approximately three miles from Liverpool city centre in Walton (L4).

A new 52,888-capacity stadium is being built for Everton on the banks of the River Mersey, with construction work having commenced in the summer of 2021. A community legacy project is planned to transform the area around Goodison Park once the Club moves into its new home.

Known as 'The People's Club', Everton is widely recognised and applauded for being a friendly and welcoming club. Through All Together Now, its equity, and inclusion campaign, the Club is committed to ensuring environments across all its sites where staff and visitors feel safe and that they belong.

Through this guide, we want to ensure that we provide you with all the information you need if you are planning to visit us.

Disability defined

As defined by the Equality Act 2010, a disabled person is an individual who “has a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities”.

Following consultation with Level Playing Field, we do not routinely seek ‘proof of disability’. However, where we feel there is reasonable doubt, we are entitled as service providers to seek evidence or ‘proof of disability’. In such cases, any of the following may be regarded as acceptable proof:

- a. Receipt of the mid-rate care element or the high-rate mobility component of the Disability Living Allowance (DLA), War Pensioners’ Mobility Supplement or Personal Independence Payments (PIP). The DLA will soon be replaced by PIPs. The process will be phased across the UK.
- b. Receipt of either the Severe Disablement Allowance or Attendance Allowance.
- c. War Pensioners’ Mobility Allowance or War or Service Disablement Pension for 80% or more disability.
- d. Blind or partially sighted registration certificate (BD8 or CVI Certificate) or evidence from an eye specialist, for example an optometrist, that the individual would qualify to be registered as severely sight impaired (blind) or sight impaired (partially sighted). Further advice can be found on the Royal National Institute of Blind People (RNIB) website.
<https://www.rnib.org.uk/your-eyes/navigating-sight-loss/registering-as-sight-impaired/the-criteria-for-certification/>
- e. A personal letter from a GP, hospital consultant, community nurse or social worker confirming that the individual has a long-term condition or disability and requires assistance.
- f. Confirmation in writing from Social Services that the individual is included on their Deaf Register, or a letter or report from an aural specialist confirming that hearing loss has been recorded at 70 – 95 dBHL or worse.
- g. Confirmation in writing from Social Services that the individual has a learning difficulty or disability. This may include Proof of Registration with Social Services, or if not on the Local Authority Register, a letter from a doctor or support worker confirming that the individual has a difficulty in learning new skills, or may be unable to cope independently. For children, a letter from a head teacher or teacher of the school that they are currently attending confirming eligibility will be acceptable.

NB: This list is not an exhaustive list and consideration will be given to any other evidence that can be provided.

Reference throughout this guide to a “disabled supporter” is a reference to a person who can provide this confirmation.

Please note in the case of DLA and PIP, as the allowance may be for life or for a fixed period, the Club reserves the right to periodically check that an applicant remains eligible.

PURCHASING TICKETS

Buying your ticket

Disabled supporters should contact the Club's Disability Access Team on 0151 556 1878 or email accessibility@evertonfc.com. Alternatively, you can visit the ticket office in person for advice on purchasing tickets for all Everton fixtures.

We would ask that, wherever possible, you detail the nature of your disability so that we are able to assist your purchase and offer you seats most suited to your requirements (subject to availability).

Tickets for wheelchair user spaces and seats to accommodate disabled supporters are available for purchase on a match-by-match basis, subject to availability.

Season ticket purchasing

Season Ticket purchases are subject to availability, please contact the Club's Disability Access Team.

AWAY TICKETS

The Club is given a limited number of tickets (including seating for disabled supporters) for away fixtures. Disabled supporters can purchase tickets for away games under the same conditions as non-disabled supporters (priority is given to Season Ticket Members with the relevant number of credits), subject to availability.

Tickets cannot be purchased online.

If the Club is able to offer additional tickets to wheelchair users for a particular away match, these tickets will be allocated on the same basis that away tickets are sold to non-disabled supporters. Due to the varying levels of seats at away stadiums, suitable for disabled supporters, we cannot guarantee all ticket requests.

Disabled supporters requiring tickets for Everton away fixtures, or those who would like more information on the Club's away ticket allocations, should contact the Club's Disability Access Team on 0151 556 1878 or accessibility@evertonfc.com.

Please ensure that you have purchased a ticket before making arrangements to travel.

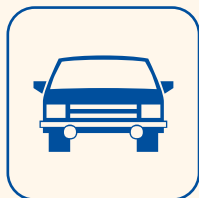

Disabled supporters can travel to away games on the Club's official supporter' coaches, should they wish to do so, subject to the availability of places. For further information on the accessibility options available on the official supporter' coaches, please contact the Disability Access Team via the methods above.

On a matchday, merchandise is also available within the Fan Zone and at the Toffee Shop, which is located on the corner of Bullens Road and the Howard Kendall Gwladys Street End.

The shops are extremely busy on matchdays. If you require a quieter period on a matchday, we would recommend at least two hours before kick-off and 30 minutes after the game. Non-matchdays are considerably quieter.

The 'Everton One' store is accessible. Doors are automatic with an entrance width in excess of 1200mm/48 inches. Level access is provided, and aisles are generally wide with large spaces between displays. Lighting is balanced and evenly lit around the store. A low-level counter and an accessible changing room are available. Staff are always available on the shop floor to assist. An induction loop is available in the shop.

Visiting clubs have 20 spaces located in the lower visitors' area of the Bullens Road stand. They are Ground Level and four are slightly raised: PA/companions will be on a stadium seat next to the wheelchair user.

Elevated positions in the Main Stand North and South are accessible via lifts. Companions sit either adjacent to or behind the wheelchair users.

Ambulant disabled supporters

All ambulant disabled supporters are able to enjoy the game at Goodison with their companions from any seat they choose. However, as the upper tiers of Goodison Park are very steep, we would discourage any supporter who would be unable to exit the stadium quickly in the event of an emergency, from purchasing tickets in the upper tiers.

Seating in all parts of the stadium that is close to vomitories, and radial gangways is classified as ambulant seating. Ambulant accessible toilets are available in all areas of the stadium.

If you require easy-access seats or have a specific seating requirement, please contact the Club's Disability Access Team to discuss. Every effort will be made to accommodate such requests, subject to availability.

ACCESSIBLE TOILETS

There are 24 accessible unisex toilets within the stadium. All are accessed via level ground or a slight incline and are clearly sign posted. Facilities have recently been refurbished and now have additional signage, full-length mirrors, coat hooks, privacy curtains, high contrast colour co-ordination between handrails and walls, and non-slip floors.

A radar key system is now in operation for all facilities. For supporters who do not have their own RADAR, keys are available from nearby stewards.

The Sir Philip Carter Park Stand Concourse

There are four toilets in this area:

- Width of the doors - 787mm/31 inches
- WC height is 430mm/17 inches
- Sinks have lever taps

Changing Places facility

Located in the courtyard near to the Family Enclosure, these facilities are larger than a standard accessible toilet and offers additional equipment such as: a mobile hoist, shower and a height adjustable changing bench. There is space for a wheelchair and two personal assistants.

Supporters located in other stands around the ground, including away supporters, can access the Changing Places facility by speaking with the nearest accessibility steward.

DISABLED SUPPORTERS

Deaf or hard of hearing supporters

The Club has induction loop equipment in several customer contact points. They are located at the Goodison Park box offices main reception areas, and the 'Everton One' retail store. On matchdays, information will be carried on the electronic scoreboard and via the public address system.

Blind and partially sighted supporters

In-stadium commentary for blind and partially sighted supporters is available in all areas of the stadium. Complimentary headsets can be ordered in advance through the Club's Disability Access Team. In addition, matchday programmes are available in alternative formats on request via the Club's Disability Liaison Team.

Disabled supporters with learning disabilities

There is no allocated seating for supporters with learning disabilities and they may, therefore, sit (subject to availability) in their preferred area of Goodison Park.

The upper tiers of Goodison Park are very steep and we would therefore discourage any supporter who would be unable to exit the stadium quickly in the event of an emergency, from purchasing tickets in the upper tiers.

Guide and assistance dogs

Any supporter wishing to attend Goodison Park with a guide and or assistance dog must contact the Club's Disability Access Team to ensure the appropriate match tickets (subject to availability) are allocated and adequate arrangements have been made.

Reduced mobility

Temporarily disabled supporters (e.g. broken leg) that may have affected access to Goodison Park should contact the Club's Disability Access Team before the game to arrange alternative seating (subject to availability).

CATERING

Accessible kiosks with low-level counters are available in the Sir Philip Carter Park Stand (both upper and lower seating areas) and the upper and lower levels of the Main Stand North.
